MOTOR VEHICLE & TITLE REGISTRATION SEMINAR

Presented By: WVADA | West Virginia dmv — Keeping West Virginia on the move

MANAGERS, TITLE CLERKS AND F&I PERSONNEL

We urge all relevant dealership personnel to attend this year's seminar, which will cover critical updates and training on new initiatives affecting titling and registration operations. Key topics include the Digital Title Vault for secure electronic title management, changes in owner information collection for multiple owners, and training on the revamped Vehicle Registration System (VRS) for improved efficiency. The seminar will also address title submissions, registration transactions, and compliance with the latest DMV procedures. Specifically, we will explore streamlined workflows for both in-state and 50-state processing, nationwide electronic titling, and expedited lien payoffs and releases — providing essential information for Sales Managers, F&I Managers, Office Managers, and Title Clerks. Attendees will receive current guidance from the WV DMV to help dealerships stay informed and efficient in a digital environment.
